Product Description

Lightweight Comfort and Excellent Value in Polyester

Usage:

Knitted Melton Fabric is a versatile textile known for its lightweight comfort and excellent value. Made from polyester fibers, this fabric features a knitted structure and is crafted using a process that involves brushing and shearing. The result is a fabric with a soft and delicate nap, providing both warmth and elasticity. Knitted Melton Fabric offers a more lightweight and comfortable alternative to traditional Melton fabric, making it suitable for a variety of garments.

Main Advantages:

- 1.Soft and Delicate Texture:** Knitted Melton Fabric boasts a soft and delicate texture due to its brushed and sheared surface. The fine nap adds a touch of luxury and provides a smooth and comfortable feel against the skin. The fabric's plush texture enhances its overall appeal and lends a sense of refinement to the finished garments.
- 2.Lightweight and Comfortable:** Unlike traditional Melton fabric, Knitted Melton Fabric offers a lighter weight, making it more comfortable to wear. The fabric's knitted structure provides flexibility and freedom of movement, ensuring a comfortable fit that is suitable for various activities. Despite its lightweight nature, the fabric still retains its warmth, making it ideal for transitional seasons or milder climates.
- 3.Excellent Elasticity:** Knitted Melton Fabric exhibits excellent elasticity due to its polyester composition. This elasticity allows for a comfortable and forgiving fit, ensuring that garments made from this fabric conform to the body's contours without feeling restrictive. The fabric's stretchability adds to its overall comfort and versatility.
- 4.Excellent Value:** Knitted Melton Fabric offers an exceptional value proposition. With its combination of lightweight comfort, durability, and affordability, this fabric is an economical choice for creating a range of garments. Enjoy the benefits of high-quality fabric without compromising on style or cost-effectiveness.

Our Company:

Grand Benefit Int'l specializes in international garment fabric supply chain management. Supported by China's Dong Sheng Industrial Group, we offer fashion-forward fabrics. Trusted by global brands like Zara, H&M, and C&A, our trend-conscious and eco-friendly products are in high demand. We prioritize sustainability, recycling sewage, and treating industrial exhaust intensively. With ISO9001, ISO14001, OEKO-TEX, and GRS certifications, our commitment to quality is unwavering.
